### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest a die module being a tubular member having an uniform inner circumference and a plurality of raised surfaces forming a frustoconical outer surface and providing passages between the raised surfaces.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 2/9/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,716,021 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Drawings***

3. The drawings filed on 2/9/05 are acceptable subject to correction of the following informalities: a) the lines, numbers and letters are not uniform, clean and well defined (of a generally poor quality) in each of the figures submitted 2/9/05 (37 CFR 1.84(l)). In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings.
